

Profiting the Voluntary and  
Community Sector

Dear Reader,

Please find enclosed Issue 73 of the North West Network Newsletter.

You will notice that the newsletter is smaller than usual. This reflects changes which we are making at North West Network. Regular readers will miss updates on two of our projects – the Volunteer Management Team and 1NW.

It is a difficult time for the Voluntary and Community sector and no doubt your own organisations are experiencing significant changes and even having to slim down. North West Network too is looking at restructuring so that, in these changed and straightened times, we can continue to deliver our core services more efficiently.

It is with regret that we have to report a number of redundancies at North West Network.

We are about to lose our Volunteer Management Team consisting of Carol Savage and Dan Farley. At the end of August 2010 the support and development services they offer will cease to be provided through NWN. We would like to thank Carol and Dan for their hard work, commitment and enthusiasm over the last 9 years in delivering their many successful projects. Carol and Dan will be missed and we wish them every success in the future.

Paul Harris, Project Director of 1NW will be leaving NWN at the end of September 2010 and again we would like to express our thanks to Paul for the commitment he has shown in developing 1NW. We wish Paul every success in the future. North West Network will continue to produce the 1NW E-Bulletins, if you would like to receive a copy of this bulletin, please contact Daniel Silver on the details provided below.

We would also like to update you on the progress of Emile Pinel. Emile is still recovering at home from meningitis and I am sure that you all join us in wishing him a speedy recovery.

NWN is going through a period of change at the moment. We are actively pursuing a closer working relationship with Merseyside Network for Europe as well as identifying areas of common interest and closer working with Voluntary Sector North West. Whilst these developments are taking place, you can be assured that you will still receive the same level of support and development you have come to expect in your organisation's pursuit of European Funding.

We hope that you find the new style of newsletter a useful resource.

With best wishes,

Ann Marie Wrigley  
NWN Chair
